the Tender Offer		before the Tender Offer: 13.18%)
Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company before the Tender Offer	<u>76,107</u>	(Percentage of Voting Rights represented by Shares, etc before the Tender Offer: <u>43.24%</u>)
Number of Voting Rights represented by Shares, etc. Planned to be Purchased	124,636	(Percentage of Voting Rights represented by Shares, etc after the Tender Offer: 100.00%)
Number of Voting Rights of All Shareholders, etc. of the Target	158,920	

(Note 1) The "Number of Voting Rights represented by Shares, etc. Planned to be Purchased" is the number of voting rights pertaining to the number of shares planned to be purchased under the Tender Offer.

(Note 2) The "Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company" states the total number of voting rights represented by shares, etc. owned by relevant parties having a special relationship with the Company. The Company will purchase the shares, etc. owned by parties having a special relationship with the Company; however, of the parties having a special relationship with the Company, the common stock owned by GR and GI (a total of 28,160 shares), which are wholly-owned subsidiaries of the Company, is not planned to be tendered in the Tender Offer. Therefore, 47,947 shares out of the shares, etc. owned by the parties having a special relationship with the Company will be subject to the Tender Offer. As a result, in calculating the "Percentage of Ownership of Shares, etc., after the Tender Offer," the number of voting rights (47,947) of such shares is not included in the numerator.

(Note 3) The "Number of Voting Rights of All Shareholders, etc. of the Target" indicates the number of voting rights of all of the shareholders as of August 31, 2008 as described in the First Quarterly Report of its 11th fiscal year, filed by the Target on January 14, 2009. However, in the Tender Offer, because the Company will purchase the Share Purchase Warrants, and the Convertible Bonds, the "Percentage of Voting Rights represented by Shares, etc" is calculated by substituting the denominator with the number of voting rights (175,996) represented by the number of shares calculated by adding total number of issued shares (158,920 shares) as of November 30, 2008, as stated in the above-mentioned First Quarterly Report to the total number of shares subject to the Share Purchase Warrants or the Convertible Bonds (17,076 shares), as stated in the above-mentioned First Quarterly Report

(Note 4) The "Percentage of Voting Rights represented by Shares, etc. before the Tender Offer" and the "Percentage of Voting Rights represented by Shares, etc. before the Tender Offer after the Tender Offer" are rounded to two decimal points.

(Post-Amendment)

Number of Voting Rights represented by Shares, etc. Owned by the Company before the Tender Offer	23,200	(Percentage of Voting Rights represented by Shares, etc before the Tender Offer: 13.18%)
--	--------	--

Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company before the Tender Offer	68,286	(Percentage of Voting Rights represented by Shares, etc before the Tender Offer: <u>38.80%</u>)
Number of Voting Rights represented by Shares, etc. Planned to be Purchased	124,636	(Percentage of Voting Rights represented by Shares, etc after the Tender Offer: 100.00%)
Number of Voting Rights of All Shareholders, etc. of the Target	158,920	

(Note 1) The "Number of Voting Rights represented by Shares, etc. Planned to be Purchased" is the number of voting rights pertaining to the number of shares planned to be purchased under the Tender Offer.

(Note 2) The "Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company" states the total number of voting rights represented by shares, etc. owned by relevant parties having a special relationship with the Company. The Company will purchase the shares, etc. owned by parties having a special relationship with the Company; however, of the parties having a special relationship with the Company, the common stock owned by GR and GI (a total of 28,160 shares), which are wholly-owned subsidiaries of the Company, is not planned to be tendered in the Tender Offer. Therefore, 40,126 shares out of the shares, etc. owned by the parties having a special relationship with the Company will be subject to the Tender Offer. As a result, in calculating the "Percentage of Ownership of Shares, etc., after the Tender Offer," the number of voting rights (40,126) of such shares is not included in the numerator.

(Note 3) The "Number of Voting Rights of All Shareholders, etc. of the Target" indicates the number of voting rights of all of the shareholders as of August 31, 2008 as described in the First Quarterly Report of its 11th fiscal year, filed by the Target on January 14, 2009. However, in the Tender Offer, because the Company will purchase the Share Purchase Warrants, and the Convertible Bonds, the "Percentage of Voting Rights represented by Shares, etc" is calculated by substituting the denominator with the number of voting rights (175,996) represented by the number of shares calculated by adding total number of issued shares (158,920 shares) as of November 30, 2008, as stated in the above-mentioned First Quarterly Report to the total number of shares subject to the Share Purchase Warrants or the Convertible Bonds (17,076 shares), as stated in the above-mentioned First Quarterly Report

(Note 4) The Number of Voting Rights represented by Shares, etc., Owned by Parties having Special Relationships with the Tender Offeror during the Tender Offer Period has decreased by the number equivalent to, or more than, 1% of the voting rights of all shareholders, etc. As of February 24, 2009, "Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company before the Tender Offer" is 68,286, and "Percentage of Voting Right represented by Shares, etc before the Tender Offer" is 38.80%. The Tender Offeror will purchase the shares, etc., owned by the parties having a special relationship with the Tender Offeror; however, of the parties having a special relationship with the Tender Offeror, the common stock owned by GR and GI (a total of 28,160 shares), which are wholly-owned subsidiaries of the Tender Offeror, is not planned to be tendered in the Tender Offer. Therefore, as of February 24, 2009, 40,126 shares out of the shares, etc., owned by the parties having a special relationship with the Tender Offeror will be subject to the Tender Offer, and the number of voting rights thereof shall be 40,126. In calculating "Percentage of Voting Rights represented by Shares, etc after the Tender Offer," the number of voting rights represented by shares, etc., owned by the parties having a special relationship with the Tender Offeror subject to the Tender Offer is not included in the numerator as stated in (Note 2) above. Therefore, there is no change in "Percentage of Voting Rights represented by Shares, etc after

the Tender Offer” due to the decrease in “Number of Voting Rights represented by Shares, etc. Owned by Parties having Special Relationships with the Company before the Tender Offer” stated above.

(Note 5) The “Percentage of Voting Rights represented by Shares, etc. before the Tender Offer” and the “Percentage of Voting Rights represented by Shares, etc. before the Tender Offer after the Tender Offer” are rounded to two decimal points.
