(Note)

1. Comparable stores mean “stores which had opened prior to the 2nd day of the month in the prior year, and are still operating on the 1st day of the month this year”. However, stores which closed during the month, or suspended operations for renovations for more than 5 business days during the month in either year, are excluded from comparable stores.
2. Flash Sales figures are based on retail price.
3. Performance of Japan retail sales above does NOT properly reflect sales trend of Link Theory Holdings group as Japan retail sales composed just 28.9% of consolidated net sales in fiscal year 2008.
4. Theory cafe is excluded from the number of stores.

(Comment)

- Year-on-year comparable stores sales was 87.5% in February. Sales of spring coats were strong; however, jacket sales declined. Please note that last February sales included an extra operating day as it was a leap year.
